	CAS No	13552-11-9 554-62-1
	Appearance	White powder
	Purity	98%
Application: the skin's own antibacterial and anti-inflammatory agents, emollients, skin conditioner		

Bishydroxyethyl Biscetyl Malonamide		双羟乙基双鲸蜡基丙二酰胺
	CAS No	149591-38-8
	Appearance	White solid
	Purity	98%
Application: Used as skin and hair moisturizer		

Sinapoyl Malate		芥子酰基苹果酸酯
	CAS No	76656-81-0
	Appearance	Yellow solid
	Purity	97%
Application: Nature's UV-B Protectant and Sunscreen cream material		

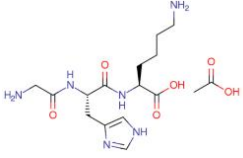

Raspberry ketone glucoside		树莓苷
	CAS No	38963-94-9
	Appearance	White powder
	Purity	99%
Application: A kind of excellent scavenger of nitric oxide. Anti-aging, skin whitening and skin conditioning.		

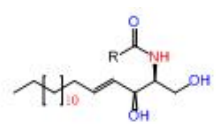

Deoxyarbutin		脱氧熊果苷
	CAS No	53936-56-4
	Appearance	White powder
	Purity	99%
Application: 1. Skin whitening agent for advanced whitening cosmetics, strong antioxidant formation. 2. Overcome the pigmentation, inhibit the production of melanin. 3. Fade skin black spot, with fast & lasting skin whitening effect.		

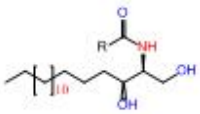

Nervonic Ceramide		神经酰胺
	CAS No	54164-50-0
	Appearance	White Solid
	Purity	90%
Application: It is raw material for cosmetic products of have anti-aging, anti-wrinkle and Moisturizing effect.		

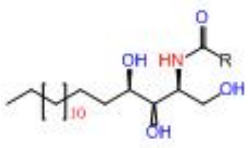

Konjac Ceramide		魔芋神经酰胺
	CAS No	3102-57-6
	Appearance	White Solid
	Purity	1%; 3%, 10%
Application: It is raw material for cosmetic products		

Cosmetic ingredient

GHK-Cu 三胜肽		
	CAS No	49557-75-7
	Appearance	Blue Power
	Purity	90%
<p>Application: GHK and GHK-Cu, which possesses antioxidant, anti-inflammatory, and regenerative properties, improves circulation, supports stem cell functions, and promotes nerve outgrowth and synthesis of neurotrophic factors. Recent studies demonstrated its ability to regulate a large number of human genes.</p>		

Ceramide 神经酰胺		
	CAS No	
	Appearance	white Power
	Purity	90%
<p>Application: It is active ingredients for cosmetic products of Moisturizing, anti-aging, anti-wrinkle.</p>		

Dihydroceramide 二氢神经酰胺		
	CAS No	
	Appearance	white Power
	Purity	90%
<p>Application: It is active ingredients for cosmetic products of Moisturizing, anti-aging, anti-wrinkle.</p>		

Phytoceramide 植物神经酰胺		
	CAS No	
	Appearance	white Power
	Purity	90%
<p>Application: It is active ingredients for cosmetic products of Moisturizing, anti-aging, anti-wrinkle.</p>		

Customized Service

Dieckmann offers a full range of service in custom organic synthesis are tailored to each project of you development. Dieckmann's chemists are skilled at performing complex, multi-step syntheses and solving difficult chemistry-related problems. If your problem is chemistry specific or in related areas such as raw materials can not be found or the quantities are not enough for supporting your further development or meeting the market requirement, please feel free to contact with us, we are able to offer prompt quotation, very competitive prices, high quality products and fast delivery.
